About the SLP Logo

The new logo of SLP corresponds with the concept of the 5-year Livelihood Sustainability Plan. It defines and visualizes a plant that is slowly growing until it reaches its fruition. The inclusion of a plant in the logo is also the recognition that just like a plant, program participants' livelihoods can also be sustainable and resilient.

Vision

"The Sustainable Livelihood Program, as the leading capability-building program, envisions a transformed poor, vulnerable, and marginalized households and communities through sustainable and resilient livelihoods."

Mission

"To improve the socio-economic condition of the program participants by building sustainable livelihoods through accessing and acquiring skills and assets."

The Sustainable Livelihood Program (SLP) continues to be the Department of Social Welfare and Development (DSWD) lead livelihood capability-building program for poor, vulnerable, and marginalized households and communities, that helps improve their socio-economic conditions through accessing and acquiring necessary assets to engage in and maintain thriving livelihoods. The program offers these two tracks:

<p>Micro-enterprise Development or (MD) Track Focuses on the establishment of micro-enterprises through provision of financial capital, enhancement of skills, and building</p> <p>Seed Capital Fund (SCF) start-up capital for establishing an association enterprise</p> <p>Skills Training Fund (MD-STF) grant used for the acquisition of technical and vocational knowledge and skills needed in the management of micro-enterprises</p> <p>Cash for Building Livelihood Assets Fund (CBLAF) grant used to implement labor-intensive projects to rebuild or protect natural and physical assets</p>	<p>Employment Facilitation or (EF) Track provides assistance to qualified members of poor households who preferred employment rather than engaging in micro-enterprises</p> <p>Employment Assistance Fund (EAF) grant provided to the program participants to secure employment</p> <p>Skills Training Fund (EF-STF) grant used for the acquisition of technical and vocational knowledge and skills</p>
--	--
